

lieve alrood LABOUT My son, Itish Raj, went on camp with EdTerra GoDirect. I am very happy with his learnings under your guidance. Some of the learnings that my son has picked up on his camp include how to: 1. Work in a team and benefit greatly from teamwork 2. Concentrate and resolve challenges in life 3. Make life easy, when faced with adverse conditions 4. Adjust to changing situations that may be adverse, sudden or unexpected 5. Make new friends and inter-mingle with everyone 6. Build on his self-confidence and use it wisely 7. Help others, always In addition to the above, he learnt to adapt to his surroundings, which in turn has helped him in dealing with changes in his day-to-day environment as well. Thanks a lot....EdTerra Edventures! Titendar Malik Father of Itish Raj - Young Adventurer 2017 www.edterra.com

YOUNG PHOTOGRAPHERS

Six days of Photography Adventure

What is it all about?

You will create images that will amaze you and your friends, by learning skills used by professional photographers. By the end of the camp you will have developed a portfolio of exciting images. You also get to experience various adventure activities on the program.

What will I learn?

You will be taught the 12 critical elements of composition and how they are employed with the creative process of some of the world's greatest photographers. You will understand systematically the basics of what makes a good photograph and how not to commit the most common mistakes, be it exposure, composition or camera care.

YOUNG ADVENTURERS

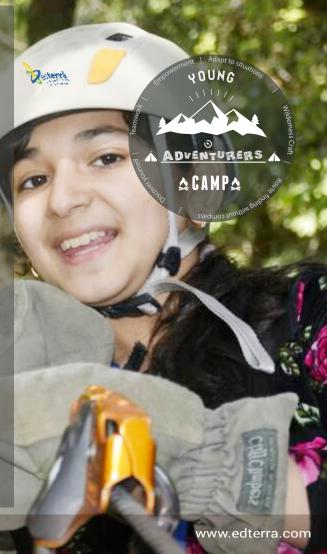

Síx days of Outdoor Adventure Activities

What is it all about?

You will participate in a series of structured outdoor adventure activities built on a new creative theme each day. Outdoor sessions entail activities like bouldering, trekking, shelter making, fire making without matches, finding food in nature, using natural elements to find directions and routes and one night in the forest where you implement all that you have learnt under our supervision.

What will I learn?

This immersive experience will help you lose inhibitions, become independent adapt to different situations. You will learn basic survival skills whereby at the end of the program you will be able to boast about how you can live in the wild on your own.

Young Astronomers

Six days of Star Gazing Adventure

What is it all about?

This perhaps is the only Adventure Camp for Astronomy of its kind in the world! No kidding. You will get to observe the celestial clockwork through powerful telescopes and with carefully planned, hands-on activities, unlock the box that holds the secrets of the stars, planets, galaxies and moons.

What will I learn?

You will not just learn about the different planets, galaxies, stars and moons, you will also get to learn and use a telescope, how to assemble a telescope at home, how rockets work, build your own mini hydro powered rocket, Astro photography, how rover vehicles work on the surface of the moon and use a miniature working model.

Young Sherlocks

Six days of Crime Solving Adventure

What is it all about?

Inspired by the character created by Sir Arthur Conan Doyle, the Young Sherlock program provides a platform for you to spawn curiosity and forge an analytic mind. You will learn how to observe and notice even the minutest details around you.

What will I learn?

You will learn how an investigator uses different forensic tools to solve even the most complex problems. You will learn tools like Blood Group Identification, Fingerprinting, how to Crack Codes and bring all the tools together to solve a crime scene on the campus. You will also learn why it is important to focus on the details and still be able to think out of the box.

camp 'O' Royale Dhanaulti

Located at 8500 feet in the lap of the Mussoorie Hills the campus is built amidst thick Pine, Cedar and Rhododendron Forest. You get a view of the snow capped Himalayan peaks round the year.

The summer temperatures on the campus range from 25 to 30 degrees celcius in the daytime and 13 to 18 degrees celcius at night.

Distance from Delhi to the campsite is 311 km and 64 km from Dehradun Railway Station.

Accommodation is provided in tents with attached western style toilets.

Travel:

ONWARDS from Delhi: Dehradun Shatabdi from New Delhi Railway Station to Dehradun (6:45 am departure).

RETURN to Delhi: Dehradun Shatabdi from Dehradun to New Delhi Railway Station (10:45 pm arrival)

Transport to and from Dehradun Railway Station will be covered by Tempo Travellers (2.5 hours journey)

*For outstation participants please contact our office for travel options

the team

Shonu Chandra (The Brains)

Shonu is known as an experimental educationist, philanthropic media person and a motivated and focused traveler.

He wants the children of today to see life in all its universality and totality, and since the world is interconnected and has to be collaborated, children must travel to overcome cultural

Gunika Singh (The Venturer)

With a decade of experience in working with children in the outdoors, Gunika is the lead, involved into innovating and venturing into unknown terrains to ensure that children have a meaningful and fun-filled experience.

Nipun Malik (The Explorer)

Nipun is one of the most experienced persons in the field of experiential learning with children, having worked with over 5000 participants alone over the span of 15 years.

He entered the field owing to his passion for the outdoors, which he was exposed to as a child. He now runs similar camps for children

Subin Varghese (The Backbone)
Subin comes with more than 25 years of experience in various roles, running and managing medium <mark>enterprises in</mark> various industries in India and overseas.

In an organization where travel and children, two dynamic variables, are involved, he is invaluable as the proverbial "solution finder" with a prompt solution to any problem.

Rishabh Jain (Astronomy Guru)

Rishabh has an asteroid discovery to his credit. From computer language, he moved to the language of astronomy and Astor-photography, his work having featured on BBC Earth and Universe

Sohail Azam (The Grounder) Sohail was able to realize his passion for working with children through various NGO's. He is currently excited by the challenge of empowering learning by mixing education, adventure, media and travel.

Akshat Jain (The Light Chaser)

Akshat Jain is an award winning photographer based in New Delhi. After studying photography from MCRC, Jamia he ventured into fashion photography. His other passion is the Argentine

Navneet Lohia (Safety Baba)
With an experience spanning 10 years in the outdoors, Navneet has been closely associated with the safety aspect of camps. With his vast experience of working all over India in the outdoor space, he ensures that all safety measures are met and maintained during the programs.
